The night was bright for the STARability Foundation, as the annual gala set a new record by raising \$3.2 million last month in Naples.

The STAR Gala Light the Night, STARability Foundation’s largest fundraising event of the year, annually raises money to support programs for individuals with intellectual and developmental disabilities.

Almost 600 guests attended the sold-out event on Feb. 12 at The Ritz-Carlton Golf Resort, Naples.

An anonymous donor offered a \$1 million challenge match during the fund-a-need portion of the gala. Guests met the challenge and matched the gift as auctioneer Rick Gallo called the record-setting event.

“We are overwhelmed by the generosity of everyone who supported the STAR Gala and who made this event so inspiring,” said STARability CEO Karen Govern.

“The Gala has reached new heights because of our dedicated co-chairs, Holly Shapiro and Jennifer Marchionda, and engaged committee members. The passion for our mission and the generosity that supporters and volunteers showed at the Gala will transform the lives of our STARS and their families. Thank you for helping our STARS reach for the stars.”
